Executive Assistant to DCI
Director of Training
Weekly Summary Report

1952

1. The Language Training Center, Building Eye, goes into operation Monday, 10 March, with an initial enrolment of some thirty students.

2. Selection has been initiated for the classes convening next August-September at the Air War College and Army War College.

3. Some 130 persons attended the weekly Intelligence Indoctrination program for new employees. Last week's low figure (69) apparently was not indicative of a trend.

4. Project [] - [] Safety Officer for the Agency, inspected the site on 28 February. He is satisfied with the safety procedures that are to be established. He may recommend the installation of some type of mechanical fire warning system.

[] of Personnel visited [] and discussed with [] a plan whereby certain ungraded employees to be hired locally would be placed at [] for on-the-job training until they can be quartered at []. For example, civilian guards and fire department employees would be trained in his units. Also laborers would be used to help in the handling of [] equipment to be stored at [] Annex until needed at the site.

The Commanding General at [] is very anxious to get his people out of the [] assignment since the majority of the post is going on maneuvers in the late spring. CIA Military Personnel Division has however been able to secure only 6 enlisted MP's of the required 46.

5. [] students were trained by TR(S) in the month of February, distributed as follows:
